Report of the Board of Health

We hereby submit the following—

The sanitary condition of the town as a whole has been very good for the past year.

There have been the usual number of cases of La Grippe and hard colds. We have had reported to us sixteen cases of measles, one of diphtheria, all of which recovered with no serious after consequences. We have had one death from tuberculosis. We have had a few complaints of nuisances—and here we wish to caution people about putting filth of any kind into or near the streams of water in town. The law is very strict and parties who do so are liable to heavy fine. We also call attention to Chapter 16—Sec. 7—laws of 1901: “No parent, guardian, person or persons having the custody of any child shall permit such child if infected with any communicable disease or has been exposed to such to attend any public or private school.” We suggest to School Boards, parents and all concerned that the law regarding the vaccination of children must be complied with. It is a good time to have it done this spring before the schools begin.

We wish also to say that all dead horses or other dead animals must be well buried. Some have neglected to do so in the past and we ask all to help the Board in trying to keep our town in a healthy condition.

Our reports to the State Board of Health have all been made according to law.

Respectfully submitted,
GEORGE W. CHASE, Secretary.

The undersigned have examined the accounts of the Repair Committee of the Town School District and found them correctly cast and properly vouched.

J. J. HARRIGAN }
I. B. STEVENS } Auditors

For the information of the Voters of the Town School District, the Committee find that the West Farms school house needs shingling, the Sawyer Hill school house, painting. The underpinning of the Birch Corner school house will have to be reset and wharfed up. The closets at the South Road school house and at Birch Corner and North Canaan should be divided or new ones built, also repairs on shed at shingle School house.
